MR. HADCOCK'S CONDITION.

Doctors Agree to the Illness of the Popular O. and W. Engineer. Sad intelligence was received in this city yesterday concerning the illness of Stillman Hadcock, the popular Ontario and Western engineer, who has been seriously afflicted for the past few weeks with an ailment which baffled several physicians. His last appearance among his friends in this city was on the occasion of the Vannan-Coates nuptials. Since that time he has been confined to his bed at Hancock Junction. Dr. Reed Burns, of Scranton, and H. C. Wheeler, M. D. of this city, were called in consultation on his case. Their diagnosis has been confirmed by an eminent New York specialist, who says he is suffering from a cancerous growth of the stomach. Mr. Hadcock formerly resided here and enjoyed a large circle of friends, who will be pained by this news. He married one of Carbondale's most charming young ladies and with her he has the deep sympathy of scores of acquaintances in his sore misfortune.

MEETING OF THE L. S. C.

The L. S. C. held its regular meeting yesterday afternoon at the home of Miss Hazel Wheeler, of Church street. After the routine business and secret work had been disposed of, an enjoyable social time was had. The funeral of the late Miss Alida Galusha was held at 2 o'clock this afternoon at St. Rose of Lima church. An exceptionally large number of friends attended the obsequies and attested the high esteem in which the deceased was held. Interment was made in St. Rose cemetery.

FOREARM AMPUTATED.

M. A. Quick, an employe of the Fowler & Bronson mill and a popular member of the Mitchell Hose company, had the misfortune Friday afternoon to have his forearm caught between a belt and pulley. It was so badly crushed that Drs. J. S. Miles and F. E. Jenkins amputated it at the hospital, where the patient is now resting.
